A MONTHLY EMAIL NEWSLETTER

· MARCH 2022 ·

WELCOME!

Hello Everyone!

The past few months have been a busy time for many of our members to say the least, but we are so excited to be back and we have some exciting projects coming your way! As we continue to monitor the pandemic and the Guruvayurappan Temple begins to safely relax their restrictions (specific guidelines posted on GTOB website), we are hopeful that we can begin to host in-person events for you all in the near future. We are happy to see all the new members as well and we would love to continue growing our community so please share our new member sign up form and spread the word!

If you are interested in staying up to date on future events, make sure to follow us on our social media as listed on **page 2** and in this email! If you have any questions or concerns, please contact us through our email or Instagram DM's.

Sincerely,

Malavika Murali
Yuvathma Secretary
On behalf of the Yuvathma Core Team

Get ready for Yuvathma's first Shloka Series! As the temple begins to start in person activities, we want to shine a light on some of the activities the Guruvayurappan Temple of Brampton has to offer. We hold monthly kids bhajans and weekly shloka chanting classes, so we hope to share the devotional offerings of some of our participants on our social media! If you would like to sing a bhajan or shloka please fill out this form attached on this email. We hope to hear your beautiful voices and bring the community together to support temple activities!

UPCOMING EVENTS!

Last year, we hosted a university panel for high school students who were on navigating their future academic and career related endeavors, and it was a huge success! We had a great turnout and many students and parents were looking for more events such as this one, so look no further! We will be planning another session like that one, and we are planning on hosting a career specific panel so that current post-secondary students can learn from young and seasoned professionals about different career paths and the experiences that have led them to where they are today. So, keep an eye out for more updates on this!

OUR VISION

Our vision for Yuvathma is to become an inclusive network for youth and young adults from all communities, while empowering Hindu youth under the mandate set out by the temple. The group's purpose is to foster a sense of community within the younger population of devotees whilst fortifying a sense of pride for their culture and heritage. Yuvathma will also help in cultivating a pool of young, keen and like-minded individuals in order to facilitate leadership within the temple management in the future.
